Weltneuheit bei HJS | World innovation at HJS

Nachrüstung Otto-Partikelfilter (OPF) | Retrofit gasoline particulate filter (GPF)

Vorteile des HJS Otto-Partikelfilters:

Der HJS Otto-Partikelfilter lässt sich einfach und ohne großen Aufwand in vielen Euro 5 Fahrzeugen von VAG und Ford mit einem Benzindirekteinspritzer nachrüsten. Das System ist wartungsfrei und es benötigt keinerlei Eingriffe in die Bordelektronik. Der Otto-Partikelfilter besitzt eine ABE* und kann somit bedenkenlos eingebaut werden.

* beantragt

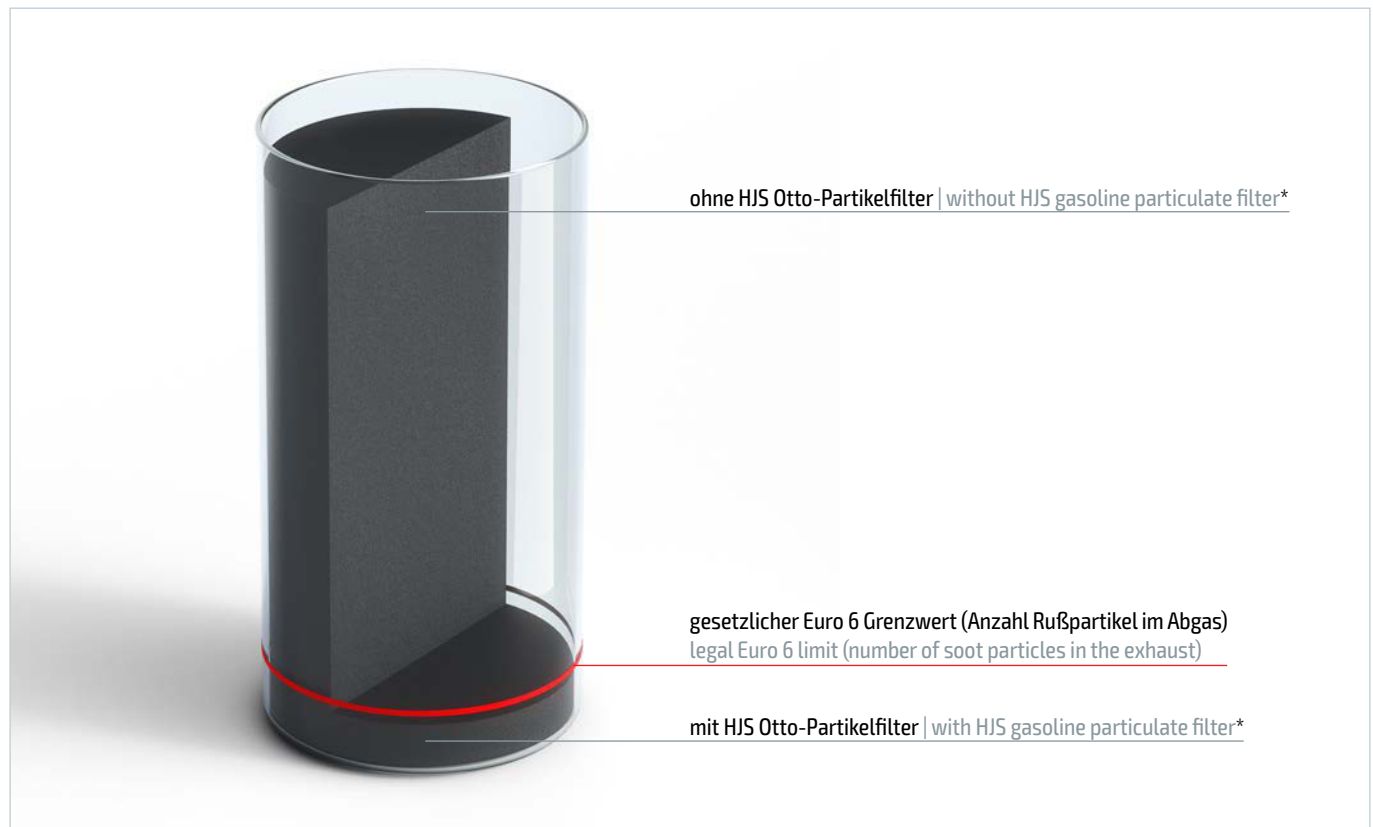

Advantages of the HJS gasoline particulate filter:

The HJS gasoline particulate filter can be retrofitted easily and without great effort in many Euro 5 vehicles from VAG and Ford with a petrol direct injection engine. The system is maintenance-free and does not require any intervention in the on-board electronics. The gasoline particulate filter has an ABE* and can therefore be installed without hesitation.

*applied

Rußabscheidung Otto Partikelfilter (gemessen an 1.4 Otto Direkteinspritzer)

Soot separation Gasoline particulate filter (measured on 1.4 Gasoline direct injection engine)

*Prüfzyklus nach NEFZ und WLTP1+2 | Test cycle according to NEDC and WLTP1+2
